REV. G. W. DAME RESIGNS.

Former Alexandria Rector Resigns Charge to Engage in Missionary Work.

Rev. Dr. George W. Dame, for the past 13 years rector of the Church of the Holy Innocents, Chase and Eden streets, Baltimore, handed his resignation to the vestrymen of the church when they met Monday night for the purpose of electing three new members. Resolutions were immediately offered and adopted by the vestrymen commending the wise and successful administration of Rev. Dr. Dame during his connection with the church. He was then made rector emeritus of the church.

Dr. Dame said his resignation was made necessary because he needed a complete rest. His health has been failing for the past year, and he thought that a complete rest would do him good. Dr. Dame's intention is to rest this summer and return to this city in the fall and take up missionary work. Dr. Dame is one of the best known clergymen in the city. He was born in Danville, on July 21, 1855, and was the son of the late Rev. Dr. George W. Dame, who for 67 years was rector of the Protestant Episcopal Church of that city. Dr. Dame was ordained at the Theological Seminary at Alexandria, Va., 34 years ago and received the degree of doctor of divinity at St. John's College, Annapolis, two years ago. He was a pioneer in Baltimore in institutional work in connection with the church. Believing in a practical religion that would meet the people half way, if necessary, he instituted a guildhouse in connection with Holy Innocents' Church, bowling alleys and pool tables being provided and carried on under the supervision of the church. These innovations seemed startling at first, but other churches gradually adopted them until almost all of the churches of that denomination now carry on institutional work of different sorts in connection with their ecclesiastical ministrations.

AUTO OWNERS MEET.

A meeting of the automobile owners of this city was held last night in the rooms of the Chamber of Commerce, at which time an organization was effected with the election of the following officers: Dr. E. A. Gorman, president; J. D. Normoyle, treasurer; and R. M. Green, secretary.

An adjournment was taken subject to the call of the president.

Suggestions concerning the improvements of certain streets and intersections were discussed and it was announced that a Country Club will be formed in the near future.

CHARGED WITH THEFT.

Solomon Bell, colored, arrested by the Washington authorities on a charge of robbing the store of Harris Levy, near Arlington Junction, Alexandria county, Sunday last, was yesterday committed to jail by Justice Edmund Clark until four o'clock Friday afternoon, when he will be given a preliminary hearing.

BOARD OF ALDERMEN.

The Board of Aldermen was in session about half an hour last night. Half the time was spent in a recess. The only paper presented was a petition of George R. West, who asks Council to reimburse him for damage to his buggy caused by being struck by the city garbage wagon on Royal street, between King and Cameron, a few days ago. He estimates the damage at \$10. The petition was referred to the committee on claims. The Aldermen concurred in the action of the Common Council on all papers sent in.

HALF-HOUR'S SESSION.

Several Minor Matters Disposed of at Regular Meeting of Council Last Night.

Council came to order at 8:06 last night, with eleven members present: Messrs. Burke, Brumback, Smith, Monroe, Brockett, Harrison, Swan, Marshall, Spinks, Chauncey and President Snowden. All except Mr. Yates came in later.

The Committee on Light recommended that gas be furnished the residential portion of the city jail to be used for lighting only and not for cooking. This was approved without discussion and Council recessed to await further business from the Committee of the Board of Aldermen.

Miss Gaines asked permission to build a front porch at 114 North Alfred Street, this porch to extend 3 feet over the building lines, which was referred to the Committee on Streets.

Mr. Leadbeater, of the committee on streets, introduced a resolution appropriating \$950.00 for laying a cobble pavement on Fairfax Street from the south side of Queen to the north side of Princess. Mr. Leadbeater explained that if this were passed at once, it would enable the city engineer to save a considerable sum of money by taking the cobble stones as they were removed from South Fairfax Street and hauling them direct to this work. The resolution was passed without further comment or discussion.

A petition asking for a sewer on Patrick Street from Queen to Cameron was referred to the Committee on Streets without comment.

A petition from George B. West asking that \$10 be paid him for damage to his buggy and harness caused by a collision with a city garbage cart, was received from the Board of Aldermen and was referred to the Committee on Claims.

The Police Commissioners asked permission to select men to act as First, Second and Third Sergeants of the police force. First Sergeant to receive \$70.00 per month, and the Second and Third, \$65.00 each; this was referred to the Committee on Police and Finance.

Mr. Marshall said that he was sorry that the Street Committee had not reported on his resolution in regard to a curb on Franklin Street from Washington Street west to the city limit. He asked that this be done at the next meeting.

As Council was about to adjourn, Mr. Chauncey asked that M. B. Harlow be granted permission to shingle a frame house on Commerce Street. Mr. Chauncey did not know the exact location of this house. The resolution covering the matter was referred to the Committee on Streets at the last meeting of Council and had not come back to Council. Mr. Chauncey's motion, however, was adopted, and Mr. Harlow was granted permission. Council then adjourned.
